Mr. Morell,

Thank you for making the changes.

There are still several issues pending with the 7<sup>th</sup> floor before the PRB can provide a final response on the review of your manuscript. We understand your due date is today and are hoping these issues will be resolved to meet your deadline. At the very least, by the end of the day PRB should be able to identify specific chapters that you would be able to share with the publisher.

We will reengage with you this afternoon to be able to provide you with a response. Thank you for your continued cooperation with prepublication review.

Best,

PRB Staff

I accept all of your changes in the attached, although I do not agree that they are necessary to protect classified information.
